

FOLSOM, PA—On April 8, 2009, Congressman Joe Sestak (PA-07) spoke at the Schoolhouse Senior Center in Folsom, Pa., as a part of the center's "Where to Turn" program. Congressman Sestak spoke about his efforts to help Veterans both here in the 7Th District and in Congress, and encouraged Veterans to attend his Third Annual Veterans Summit on May 11 at Ridley High School.

"Having served as a U.S. Naval officer for 31 years and as the son of a WWII Veteran, I have no higher priority than the welfare of those who wore the cloth of this Nation and their families. Identifying their needs and then finding the ways and means to address those needs in a comprehensive and responsible way has been among my highest priorities since assuming office," the Congressman said. "The 7th Congressional District has 54,000 Veterans—from the World War II generation of my father to those recently returning from the conflicts in Afghanistan and Iraq. My District Office, which is open seven days a week, has handled over 1,200 Veterans cases."

On April 9, 2009, Congressman Sestak and Pennsylvania Institute of Technology President John Strayer announced a program to provide full scholarships to P.I.T. for Veterans who have served in the military since September 11, 2001, and are residents of the 7th Congressional District. The Veterans Scholarship program was developed in response to the critical role education plays in the reintegration and future success of returning Veterans. The new initiative provides full scholarships to earn an associate's degree for as many qualified Veterans as can be accommodated by select programs at P.I.T. The deadline for applications is May 15 and awards for the 2009-2010 academic years will be announced on June 15.

Recently, the House of Representatives passed three important bills to help Veterans:

H.R. 1513, the Veterans' Compensation Cost-of-Living Adjustment Act of 2000, which Congressman Sestak co-sponsored, would direct the Secretary of Veterans Affairs to increase the rates of basic compensation for disabled veterans and the rates of dependency and indemnity compensation to their survivors and dependents, along with other benefits, in order to keep pace with the rising cost-of-living. The adjustment would become effective December 1, 2009, and would be equal to that provided on an annual basis to Social Security recipients.

H.R. 1377 would expand veteran eligibility for reimbursement by the Secretary of Veterans

Affairs for emergency treatment furnished in a non-Department facility, and for other purposes. This bill would expand veteran eligibility to require the VA to pay for emergency treatment for a non-service connected condition if a third-party is not responsible for paying for the full cost of care. The bill clarifies that the VA only pay the difference between the amounts paid by the third-party and the VA allowable amount, and is not responsible for copayments the veteran owes to the third party.

H.R. 1171, the Homeless Veterans Reintegration Program Reauthorization Act of 2009, would reauthorize the Homeless Veterans Reintegration Program for fiscal years 2010 through 2014. The bill was amended to authorize an additional \$10 million to provide dedicated services for homeless women veterans and homeless veterans with children. Grants would be made available to provide job training, counseling, placement services, and child care services to expedite the reintegration of veterans into the labor force.

The Third Annual Veterans Summit will be held Monday, May 11, 2009, from 6-9pm at Ridley High School, in Folsom. To sign up for the Summit, please visit http://www.sestak.house.gov/upcoming_events.shtml
